

ON the Move - Preparing Herndon's Roadways for the Arrival of Metro

The Town of Herndon is embarking on significant roadway improvement projects to accommodate motorists, cyclists and pedestrians who will be using the new Herndon stop on Metro's

Silver Line, slated to open in 2020. These projects will provide connectivity between regional trails and the new station; efficiently accommodate car traffic near the station; improve safety; and improve public transit access to and from the station. First up, enhancements to Van Buren Street, including widening of travel lanes, addition of curb-and-gutter and sidewalks, on- and off-road bike lanes and more. Construction on this project will get under way before the end of the year. [Click here for more info on this and other projects](#) in the pipeline, as the town prepares for Metro.
