

# TOWN OF **Herndon** News You Can Use

## WINTER STORM PREPARATION

The forecast for the first significant winter storm of 2025 is coming into focus, with a combination of snow and ice expected to start late on Sunday, January 5, and continue for most of the day on Monday January 6. Prior to the storm, residents and businesses are asked to please move cars off of roads and cul-de-sacs so the town's snow plows can get through. Please make sure the right-of-way in front of your property is clear; this includes any leaves or debris still at the curb.

Once the storm gets under way, plows will begin focusing on main and secondary roads, to ensure access for emergency vehicles. Neighborhoods will be cleared as soon as possible; your patience is appreciated.

Please note that recyclables will NOT be collected on Monday. Residents on Monday routes should get bins to the curb for Tuesday pickup.

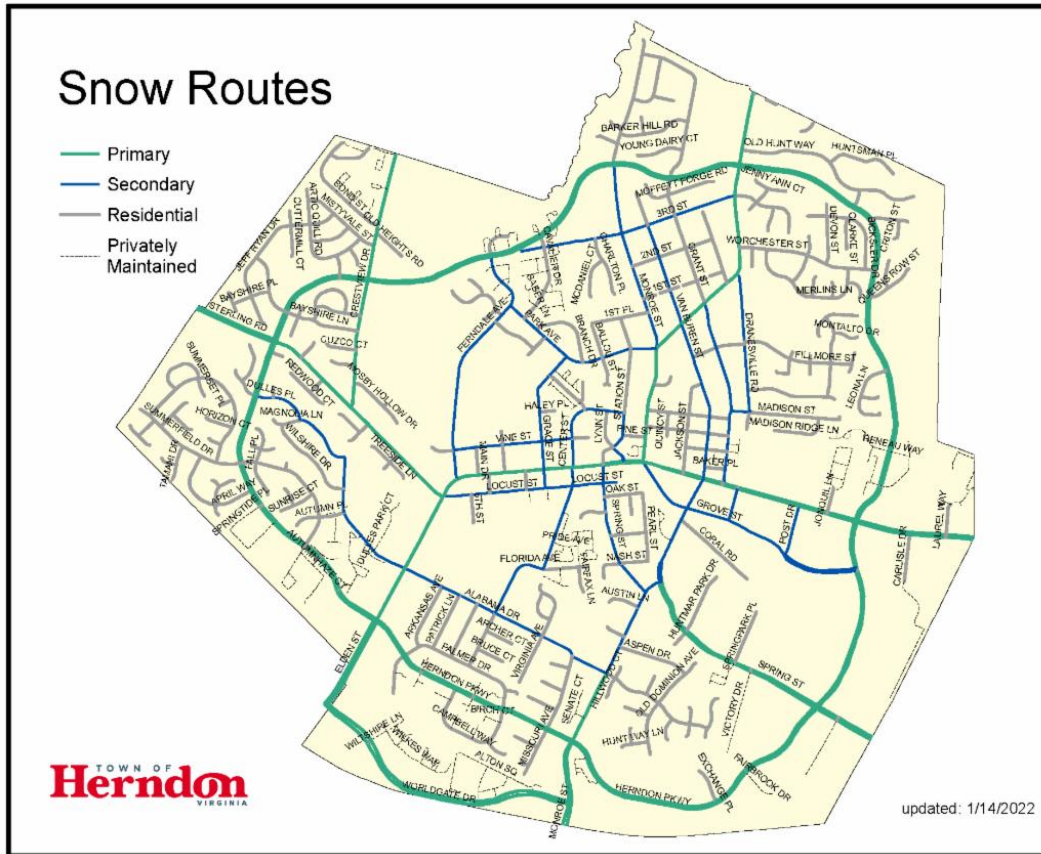

Information on town openings and closings, to include the Herndon Community Center and its Monday programming, will be provided as it is determined.

Power outages should be reported directly to Dominion Power, 1-866-DOM-HELP or [www.dom.com](http://www.dom.com). Prepare for outages by charging electrical items such as phones, laptops and other devices in advance, and by keeping them charged.

Neighbors who are elderly or live alone? Check on them in advance of the storm to make

sure they have what they need, and provide them with updates if they are unable to access themselves. Thank you!

For updates on town snow operations, visit the town's website at [www.herndon-va.gov](http://www.herndon-va.gov) or our Facebook page at [www.facebook.com/herndon.gov](http://www.facebook.com/herndon.gov). In an emergency, call 911.
